About AirSprint | 24

UNDERSTANDING FRACTIONAL JET OWNERSHIP

Our Fractional Owners have chosen AirSprint for the comfort, and hassle-free convenience, of knowing that their jet will be ready when they are. We offer flexible programs where you can choose from either a Capital Purchase or a 5-Year Lease option with all of the benefits of whole ownership at a fraction of the cost and with none of the headaches.

YOUR JET

250 Hours
175 Hours
125 Hours
100 Hours
75 Hours
50 Hours
25 Hours

= 800 HOURS*
(Annual Flight Time)

With Fractional Jet Ownership, you invest in one specific serial-numbered aircraft, and this purchase gives you guaranteed access with as little as 24 hours' notice. The Purchase Price or Annual Lease Fee is proportionate to the number of Annual Hours you would like to fly with shares beginning at 25 Annual Hours and increasing in increments of 25. You will benefit from fixed annual and hourly pricing with no fluctuation in costs. This will allow you to book one-way travel and make last-minute meetings without being penalized. Imagine no longer worrying about the quality of aircraft, your safety or your travel experience; it's your jet and it's ready when you are.

In addition to offering a cost-effective way to maximize your time, AirSprint is a discreet way to travel, providing the security and sense of privacy that only comes with owning a private jet.

*800 Hours is AirSprint's prescribed annual flight time allowance for a whole aircraft with shares beginning at 25 Annual Hours and increasing in increments of 25.

YOUR ADVANTAGE

NEWEST AIRCRAFT FLEET

Our fleet is the largest in Canada and the newest in North America.

FLY WITHIN CANADA & U.S.

Fly within Canada and the U.S.—and pay operating costs in Canadian dollars.

SHORTER RUNWAY OPTIONS

We have the ability to access shorter runways, which allows you to arrive closer to your final destination.

HANDS-FREE OWNERSHIP

We maintain the aircraft and manage the crew, pilots, insurance and support structure.

FORESEEABLE COST STRUCTURE

We offer a simple, transparent cost structure; you only pay for Occupied Hourly Rate* and the fixed Annual Overhead Fee.

POTENTIAL TAX BENEFITS

Use your jet for business purposes and potentially reduce your tax obligation through asset depreciation.

Embraer Praetor 500

THE OPTIMAL JET FOR YOU

We started building our fleet in 2000, and today our jet collection includes Embraer Praetor 500, Embraer Legacy 450, Cessna Citation CJ3+ and Cessna Citation CJ2+ aircraft. With AirSprint, your fleet has the safety, comfort, reliability, performance and efficiency you deserve. And it's always ready for you.

It's never been enough to just provide private jet travel. We strive to provide the best, up-to-date experience. That comes with investing in your fleet—the largest in Canada and the newest in North America.

CESSNA CITATION CJ2+
Classic-style and comfort—the Citation CJ2+ presents lower operating costs without sacrificing comfort and reliability.

CESSNA CITATION CJ3+
The Citation CJ3+ is light-jet efficiency and flexibility with mid-size jet performance, range and luxury comfort.

EMBRAER PRAETOR 500
The industry-leading Praetor 500 is an impressive corner-to-corner aircraft that can quickly and efficiently span North America.

EMBRAER LEGACY 450
The striking and elegant Legacy 450 sets the standard for mid-size aircraft, delivering you an unmatched experience.

THE EXPERIENCE YOU DESERVE

Individuals and corporations choose Fractional Jet Ownership because they want a way to fly that is safe, efficient and enjoyable, with the kind of comfort they've earned. They choose AirSprint because we simply do it better.

We pursue excellence in everything we do and that includes the experience we provide you. Our aircraft deliver you to your destination. Our team's dedication and service deliver the experience. We often call ours a turn-key service. We take care of everything behind-the-scenes so you can focus on enjoying the ride and whatever awaits you at your destination.

From the moment you request your booking, to your in-flight experience, and every moment along the way, AirSprint is committed to delivering a superior level of service. Be prepared for an incomparable experience.

TRAVEL AT YOUR LEISURE

Reach more destinations and spend more time where you want to be. On a Friday, you could decide on a casual weekend away. Before you know it, you could be relaxing at your destination.

YOUR BUSINESS IS YOUR PLEASURE

Travelling for work is no longer work itself. Fly free of hassle and focus on getting work done—or recharging on your way to that important meeting.

YOUR BENEFITS

RECEIVE A BETTER LEVEL OF SERVICE

At every level of our Fractional Ownership Program, you receive the utmost care, attention and service. Our team knows you as an Owner—not just another customer.

ACHIEVE BALANCE

Success can be demanding. AirSprint's Fractional Ownership Program will help you achieve a more rewarding work-life balance.

REGAIN CONTROL OF YOUR TIME

Your time is important. You can regain control of your travel schedule to help realize your personal, business and philanthropic goals.

BE MORE PRODUCTIVE

Get where you want, when you want, so you get done what you want to get done. There's less risk of delays. You won't have the interruptions or distractions of commercial flights.

MAXIMIZE A BETTER WORK SCHEDULE

Your business trips will be faster and more focused. Accomplish more each day and still be home in time for dinner or other special moments.

LIVE A FULLER LIFE

You'll have the freedom and flexibility to spend time in your favourite places with the people that matter most. Arrive quickly and safely, without the burdens associated with commercial travel.

Why Us?

About

CAPITAL PURCHASE

PURCHASE PRICE (USD)

With the Capital Purchase option there is the one-time purchase of a share (USD). You will have title to a specific aircraft and have the ability to sell this share when you decide to exit the program. When you sell your share, you will retain the residual value. If you own the share corporately and are flying for business, there may be tax advantages for you to consider.

5-YEAR LEASE

LEASE DEPOSIT (USD)

The Lease Deposit (Advanced Fee) is fully refundable at the end of your 5-Year Lease term.

ANNUAL LEASE FEE (USD)

The Annual Lease Fee is the rate that you'll pay on your lease which is locked in for the term. Although, there is no residual value at the end of the term, you will receive your Lease Deposit (Advanced Fee) back.

ANNUAL OVERHEAD FEE (CAD)

This covers the fixed costs of your aircraft—maintenance, pilots salaries, safety infrastructure, insurance, etc. There is a reduction in this fee as you become a larger Fractional Owner with AirSprint. A 50-hour share is 9% less than a 25-hour share and a 75-hour share is 17% less than a 25-hour share. This is set on an annual/calendar basis.

OCCUPIED HOURLY RATE WITH FUEL SURCHARGE OR REBATE (CAD)

This is the rate you pay while on-board your jet. Billing is rounded to the nearest 6-minute mark. The only cost that is in excess of the Occupied Hourly Rate for flights within Canada and the continental U.S. is if there is a fuel surcharge or a fuel rebate. This is reviewed and adjusted monthly.

YOUR OWNERSHIP OPTIONS

INFINITY ACCESS

75+ Annual Hours

- ✓ Guaranteed Booking - 24 Hours' Notice
- ✓ Save 17% on Annual Overhead Fee

Safety

Why Us?

About

YOUR SAFETY IS OUR TOP PRIORITY

We're dedicated to getting you where you want to go. We're dedicated to getting you there quickly and smoothly. But most of all, we're dedicated to getting you there safely.

From a safety perspective, AirSprint provides standardized training (to our continuously growing crew of 160* full-time pilots) which is similar to the major airlines. Pilots are never cross-trained on other aircraft types. Flights are always crewed by a Captain and a First Officer—who exceed the highest levels of competency, professionalism and expertise. Each pilot is type-rated in their assigned aircraft and trained to perform safely in all environments and situations. Moreover, a duty pilot reviews each flight plan before the trip is dispatched for an additional layer of safety.

When it comes to safety, AirSprint is an industry leader. In fact, fractional flying has been proven to be ten times safer than regular aircraft charters. AirSprint has never experienced a major incident, affirming that our risk-management and safety best practices throughout our entire operation are first-rate. We treat every flight as an opportunity to demonstrate and improve our exemplary level of safety.

AirSprint carries the ARGUS Platinum Rating, the highest safety rating available from ARGUS International, an independent, unbiased third-party. In addition, AirSprint has achieved WYVERN Wingman PRO certification—private aviation's highest safety standard.

AIRSPRINT CAPTAINS

- Average age is 36.1 years old
- Average total time flying is 5,892 hours

AIRSPRINT FIRST OFFICERS

- Average age is 31.5 years old
- Average total time flying is 1,937 hours

OUR SAFETY VALUES

TECHNOLOGY

Our fractional aircraft are appreciated for their comfort, design, docile handling characteristics and the latest in jet engine technology and flight guidance systems.

SAFETY MANAGEMENT SYSTEM

Our system identifies opportunities for improvement through a non-punitive reporting system, front-line personnel incident reports, internal audits, Quality Assurance (QA) programs and Line and Ground Operations Safety Assessments (LOSA/GOSA).

CULTURE

Our culture maintains the delicate balance between confidence in the ability of our people and aircraft to complete their missions, while remaining constantly vigilant in assessing and responding to risk. We strive to hire and develop the best at AirSprint.

STANDARDIZATION

AirSprint's pursuit of safety focuses on a highly disciplined approach to process and procedure to ensure we can consistently attain our customer service and safety objectives.

TRAINING

Flying jet aircraft is a high performance task. Our pilot training programs exceed regulatory requirements including a combination of company instruction, FlightSafety ground school and flight simulation.

AIRCRAFT MAINTENANCE

AirSprint is a Transport Canada certified Aircraft Maintenance Organization, with full-time certified Aircraft Maintenance Engineers on staff to ensure the highest standard of aircraft reliability and safety.

Why Us?

About

WHY CHOOSE US?

1

PRODUCTIVE & SECURE TRAVEL

AirSprint is a discreet way to travel, offering you the security and sense of privacy that only comes with flying on your own jet.

2

GUARANTEED ACCESS

You can fly anywhere in North America with as little as 24 hours' notice; perfect for a last-minute getaway or business meeting.

3

AIRCRAFT INTERCHANGE

You can move up or down in jet categories as needed (with the option for guaranteed downgrades).

4

NO POSITIONING FEES

You'll only pay for your time on-board—you'll never pay for your jet to be positioned or repositioned.

5

PERSONAL FLIGHT CONCIERGE

Your Personal Flight Concierge is available 24/7 to help book your jet and arrange every detail of your experience, from catering to ground transportation and accommodation.

6

ACCESS TO EMPTY LEG FLIGHTS

You'll have full access to our Empty Leg Flights which operate at a flat rate within Canada and the continental U.S.—and you'll use zero of your Annual Hours.

EMPTY LEG FLIGHTS

Even with the many benefits of Fractional Jet Ownership, Empty Leg Flights are often at the top of the list for many of our Fractional Owners. Empty Legs are flights that are scheduled to fly without any passengers and operate when our aircraft needs to reposition or return to a homebase. Eliminating these passenger-less/under-capacity missions positively contributes to AirSprint's sustainability initiatives.

Exclusive to our Fractional Owners, our Empty Leg Flights operate at deeply discounted rates within Canada and the continental U.S.—and you'll use zero of your Annual Hours. Empty Leg Flight alerts go out daily via email and through the AirSprint App—with bookings available on a first-come, first-serve basis.

EMPTY LEG FLIGHT EXAMPLES:

Trip 1

Vancouver, BC to Palm Springs, CA | Praetor 500 | \$ 2,500 CAD

Trip 2

New York, NY to Montréal, QC | Citation CJ3+ | \$ 750 CAD

Trip 3

Calgary, AB to Victoria, BC | Citation CJ2+ | \$ 1,250 CAD

Trip 4

Toronto, ON to Boston, MA | Legacy 450 | \$ 1,500 CAD

SUSTAINABILITY & INNOVATION

At AirSprint, we aim to give back to the communities in which we live and work while considering the big picture—the health of our planet. In 2022, we unveiled an exciting new plan that will see all company flights 100% carbon neutral by 2025. We pledge to drive real change in the aviation industry while continuing to deliver the incomparable service experience our Fractional Owners expect.

As the Canadian leader in sustainable private aviation, AirSprint is taking aggressive action to reduce its overall climate impact. Our fleet of private jets is the newest in North America. We operate our aircraft for specific missions and fly efficient, direct routes between airports. Our modern navigation equipment, combined with engine design and operational best practices, provides for ever-improving fuel efficiency and reduced greenhouse gas (GHG) emissions. Notably, we were the first private aviation company to operate with Sustainable Aviation Fuel (SAF) in Canada.

"Community is one of AirSprint's core values. We find ourselves in a position where options exist to effectively offset 100% of the emissions from our flying and make a difference in the future," said James Elian, President & CEO of AirSprint. *"We have the opportunity today to set the standard in sustainability as we have in several other areas over our history."*

About

ABOUT AIRSPRINT

With a driving passion for aviation, AirSprint pioneered Fractional Jet Ownership in Canada.

We were the first, and more than 23 years on, our team continues to deliver a private aviation experience that positively contributes to successful Canadians' personal and professional lives.

Now, that experience awaits you.

OUR MISSION

To provide discerning Canadians with a better choice for optimizing their time by enhancing the private jet ownership experience with industry-leading safety standards, exceptional turn-key service and increased flexibility; everything personalized for our Fractional Owners' individual travel needs. All at a fraction of the cost.
