your possibilities are endless
WHEN YOU OWN A PRIVATE JET

YOUR ACCESS

THE POSSIBILITIES ARE ENDLESS

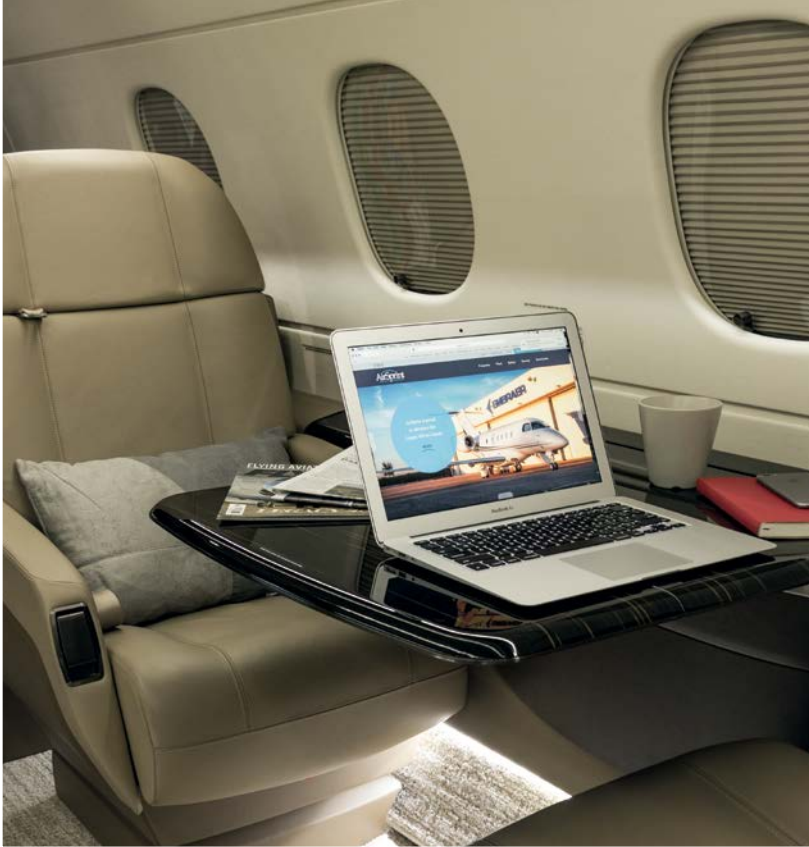

When you fly with AirSprint, you can expect a consistent, turn-key experience. You're an Owner and will be treated like one. Your Personal Flight Concierge can look after all of your travel needs, including hotel, transportation and catering. With guaranteed access to your aircraft with as little as 8 hours' notice, you'll never miss the important meeting or family weekend.

As an Owner with AirSprint's Fractional Program, you'll have access to our full fleet of aircraft. With on-board Wi-Fi, Satellite Phone, iPad or a HD 17" Monitor with Blu-Ray Player, you are always connected. With thousands of airports in North America, we are confident AirSprint will be able to... **fly anywhere business or pleasure takes you.**

“As an AirSprint Owner for more than a decade, I can confirm that AirSprint has always had an aircraft available to meet my needs in a timely manner. And as a Fractional Owner, I never have to cover deadhead costs - greatly improving my economics.”

~ W. Brett Wilson, AirSprint Fractional Owner

YOUR BENEFITS

A HIGHER LEVEL OF PRODUCTIVITY, SAFETY, SERVICE & COMFORT

Whether you're traveling to close an important deal or to celebrate a special occasion with your loved ones – we understand those moments are special. With Fractional Ownership you'll benefit from a productive, efficient, private, safe and comfortable way to travel. You'll never miss a moment.

Here is how AirSprint's Fractional Program compares to traditional travel:

vs. CHARTER	vs. WHOLE OWNERSHIP	vs. COMMERCIAL
Guaranteed Access	No Downtime Due to Scheduled Maintenance	Guaranteed Access
No Repositioning Costs	Lower Capital Costs	Shorter Travel Time: No Set Schedule/Connections
Increased Cost Certainty	Aircraft Interchange Ability	Access to Significantly More Airports + Shorter Runways
Higher Safety Standard	Lower Overhead/Maintenance costs	Increased Privacy & Security
Access to More Foreign Airports	No Repositioning Costs	No Hassle

“The Legacy 450 is wonderful to fly in from a number of perspectives. The cabin is very spacious, seating is flexible and comfortable and the large washroom is so easy to use. We really noticed how quiet and smooth the Aircraft is and enjoyed the on board entertainment system including Wi-Fi. Luggage capacity is very generous making travel more convenient. A great addition to the fleet.”

~ Ross Grieve, AirSprint Fractional Owner

YOUR PROGRAMS

A SOLUTION BUILT WITH YOU IN MIND

There are three components to AirSprint's Fractional Ownership Program:

1. OWN YOUR SHARE OF THE AIRCRAFT	2. FLY WHEN & WHERE YOU NEED IT	3. WE TAKE CARE OF THE REST
<p>Available ownership options of a specific serial numbered aircraft include a one-time capital investment or lease of a share over a term.</p>	<p>Based on the size of the share owned, you receive a correlating number of hours to fly each year. You pay an hourly fee only when you are on-board and there are no repositioning fees.</p>	<p>An annual fee covers the maintenance, pilots, insurance and support structure to ensure optimal performance and condition of the aircraft.</p>

The programs are designed to meet your personal and business requirements. Ownership starts at 25 annual hours (3.125%) and increases in increments of 25 hour annually as desired.

	75 Annual Hours+ INFINITY ACCESS	50 Annual Hours CLUB ACCESS	25 Annual Hours ADVANTAGE ACCESS

YOUR TIME

NON-STOP AIRCRAFT FLYING TIME

Time is one of your most valuable assets. Whether your travels are for business and personal reasons – or both, we understand it is important to be there - when you need to. With our aircraft interchange policy, AirSprint Owners can downgrade and/or upgrade the aircraft to fit their specific travel needs. You are guaranteed to get where you need to be, in a time and cost-effective manner.

Passengers	0	1	2	3	4	5	6	7	8	9
Legacy 450	6 h 25 m	6 h 25 m	6 h 20 m	6 h 10 m	6 h 00 m	5 h 50 m	5 h 45 m	5 h 35 m	5 h 25 m	5 h 15 m
Citation CJ3+	4 h 40 m	4 h 40 m	4 h 40 m	4 h 25 m	4 h 10 m	3 h 50 m	3 h 35 m			
Citation CJ2+	3 h 45 m	3 h 45 m	3 h 45 m	3 h 30 m	3 h 15 m	3 h 00 m	2 h 40 m			

In the chart above, h = hours and m = minutes. For example, 6 h 25 m depicts that the aircraft can fly non-stop for 6 hours and 25 minutes. The times are based on all male passengers with 30 lbs of baggage per person. If women or children are on board, the times will increase. Extra baggage will decrease the times.

OUR SERVICE

A PURSUIT OF EXCELLENCE IN EVERYTHING WE DO

Relationships

AirSprint Fractional Owners favour a close interactive business relationship, and insist on the utmost care, attention and service. AirSprint delivers a focused customer service model that facilitates the accomplishments of a very exclusive group of individuals.

Expertise

As our front-line ambassadors, we ensure our pilots not only have excellent flying expertise, but also world class customer service skills. They receive regular customer experience training with the express purpose of making your flying experience as pleasant as possible.

Personal Touch

This high level of attention starts at the top... As an AirSprint Fractional Owner, you enjoy unfettered access to our Senior Leadership team. Our business leaders are available to promptly answer questions and discuss our services with you directly.

Privacy

In addition to offering a cost-effective way to maximize your time, AirSprint is a discreet way to travel, offering the security and sense of privacy that only comes with flying on business aircraft.

Accessibility

AirSprint's 24/7 Personal Flight Concierges are available day and night to plan and schedule your travel needs and assist you during your trip should itineraries need changing, ensuring your flight, from departure to destination and everything in between, is worry-free.

Comfort

Stepping aboard an AirSprint aircraft is to enter your own personal sanctuary. Far from the hustle of commercial travel, the AirSprint travel experience begins with your call. Within hours your aircraft stands poised, catered and appointed to your personal tastes and requirements.

YOUR SAFETY

NOTHING IS MORE IMPORTANT

AirSprint's commitment to safety includes sophisticated Safety and Quality Management Systems, airline quality pilot procedures, in-house aircraft maintenance, and thorough pilot training that far exceeds regulatory requirements and includes annual full motion flight simulator evaluation.

Our commitment to continuous improvement ensures we remain diligent, looking at each flight as an opportunity to forever improve the level of safety.

AirSprint has been awarded the ARGUS Platinum Rating, the highest safety rating available from ARGUS International.

Technology

Our fractional aircraft are appreciated for their comfort, design, docile handling characteristics and the latest in jet engine technology and flight guidance systems.

Safety Management System

Our "system to improve the system" identifies opportunities for improvement through a non-punitive reporting system, front-line personnel incident reports, internal audits and Quality Assurance (QA) programs.

Culture

Our culture maintains the delicate balance between confidence in the ability of our people and aircraft to complete their missions, while remaining constantly vigilant in assessing and responding to risk.

Standardization

AirSprint's pursuit of safety focuses on a highly disciplined approach to process and procedure to ensure we can consistently attain our customer service and safety objectives.

Training

Flying jet aircraft is a high performance task. Our pilot training programs exceed regulatory requirements including a combination of company instruction, Flight Safety ground school and flight simulation.

Aircraft Maintenance

AirSprint is a Transport Canada certified Aircraft Maintenance Organization, with full-time certified Aircraft Maintenance Engineers on staff to ensure the highest standard of aircraft reliability and safety.

YOUR DESTINATIONS

WEST & EAST COAST: NON-STOP FLIGHT TIMES
